Effective Date: February 16, 2026

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

I. OUR COMMITMENT TO YOUR PRIVACY

At SYNC Life, we are committed to maintaining the privacy and confidentiality of your Protected Health Information (PHI). PHI includes individually identifiable health information created, received, or maintained by us relating to your physical or mental health, healthcare services provided to you, or payment for healthcare services.

We are required by law, including the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule and 42 CFR Part 2 (where applicable), to:

- Maintain the privacy and security of your PHI and Substance Use Disorder (SUD) records.
- Provide you with this Notice of Privacy Practices detailing our legal duties and privacy practices.
- Notify you promptly following a breach of your unsecured PHI.
- Abide by the terms of this Notice currently in effect.

II. HOW WE MAY USE AND DISCLOSE YOUR HEALTH INFORMATION

We may use and disclose your PHI for treatment, payment, and healthcare operations without your explicit written authorization under standard conditions, subject to specific restrictions for sensitive information described below.

1. Treatment

We use and share your health information to provide, coordinate, or manage your care. For example, our functional medical practitioners may share information regarding cellular micronutrient testing, hormone levels, or wellness plans with nurses, laboratory technicians, or consulting specialists involved in your care.

2. Payment

We may use and disclose your PHI to bill and collect payment from you, your health insurance plan, or third parties for the services you receive. For example, we may send a bill to your insurance company or process payment for IV hydration therapy or primary care visits.

3. Healthcare Operations

We may use and share your PHI to run our practice, improve quality of care, train staff, and perform administrative functions. For example, we may use clinical data to evaluate the effectiveness of our protocols or conduct compliance reviews.

4. Appointment Reminders and Service Communications

We may contact you to provide appointment reminders, follow-up messages regarding lab results, or information about treatment alternatives and health-related benefits/services that may interest you.

III. SPECIAL PRIVACY PROTECTIONS FOR SENSITIVE DATA

1. Substance Use Disorder (SUD) Records (42 CFR Part 2)

If SYNC Life receives, creates, or maintains records originating from a Substance Use Disorder (SUD) treatment program governed by 42 CFR Part 2, enhanced federal privacy rules apply:

- **Single Consent for Future Uses/Disclosures:** Once you sign a written consent permitting us to use or disclose your Part 2 SUD records for treatment, payment, or healthcare operations, we may make subsequent uses and disclosures of those records (including redisclosures) as permitted by HIPAA, until you revoke your consent in writing.
- **Restriction on Legal Proceedings:** SUD records or information derived from them cannot be used or disclosed in criminal, civil, administrative, or legislative proceedings against you without your specific written consent or a court order meeting federal 42 CFR Part 2 requirements.
- **Redisclosure Notice:** Any redisclosure of Part 2 records to third parties will be accompanied by the required federal notice prohibiting further disclosure without express authorization.

IV. DISCLOSURES REQUIRING WRITTEN AUTHORIZATION

For purposes not covered by standard treatment, payment, or healthcare operations, or where required by state/federal laws, we will obtain your explicit written authorization before using or disclosing your PHI. Specific examples include:

- **Psychotherapy Notes:** Most uses and disclosures of psychotherapy notes require your written authorization.
- **Marketing:** We will not use or disclose your PHI for marketing purposes or receive financial remuneration for selling your PHI without your signed authorization.
- **Other Uses:** Any other use or disclosure not described in this Notice will be made only with your written authorization, which you may revoke in writing at any time.

V. USES AND DISCLOSURES PERMITTED OR REQUIRED BY LAW

In certain situations, federal or state law permits or requires us to disclose your PHI without your authorization or opportunity to object:

- **Public Health and Safety:** To public health authorities for preventing or controlling disease, reporting abuse or neglect, or tracking product safety.
- **Health Oversight Activities:** To government agencies for audits, investigations, inspections, and licensing.
- **Judicial and Administrative Proceedings:** In response to a court order or subpoena (subject to Part 2 restrictions where applicable).
- **Law Enforcement:** To law enforcement officials for specific legal processes or emergency situations.
- **Organ and Tissue Donation / Coroners:** To organ procurement organizations or medical examiners as necessary to carry out duties.
- **Threat to Health or Safety:** To prevent or lessen a serious and imminent threat to individual or public safety.
- **Worker's Compensation:** To comply with worker's compensation laws.

2. Right to Request Restrictions

You have the right to ask us to restrict or limit how we use or disclose your PHI for treatment, payment, or healthcare operations. 3. Right to Request Confidential Communications

You have the right to request that we communicate with you about medical matters in a specific way or at a specific location (for example, sending mail to an alternate address or calling a specific phone number). We will accommodate all reasonable requests.

4. Right to Amend Your Records

If you feel that the health information we have about you is incorrect or incomplete, you may request an amendment in writing. You must state the reason for the request. We may deny your request under certain conditions, but we will inform you of the reason in writing within 60 days.

5. Right to an Accounting of Disclosures

You have the right to request an accounting (list) of disclosures of your PHI made by SYNC Life for up to six years prior to the date of your request. This accounting excludes disclosures made for treatment, payment, healthcare operations, or directly to you, unless specific statutory exceptions apply.

6. Right to Paper Copy of This Notice

You have the right to obtain a paper copy of this Notice at any time, even if you previously agreed to receive it electronically.

VII. CHANGES TO THIS NOTICE OF PRIVACY PRACTICES

SYNC Life reserves the right to change the terms of this Notice and to make the new Notice provisions effective for all PHI that we maintain, including PHI created or received prior to issuing the revised Notice.
